### **Who we are, our aim, and our purpose:**

The **Chapter Relations Committee** (CRC) was formed in October of 2008 to focus on the relationship between the Chapters and the National Organization. Its primary objectives are to strengthen the NAWCC Chapters; establish confidence, trust, and accountability between all the parties through timely and open communications; and give guidance and support to the Chapters.

### **YOUR FEEDBACK IS INVALUABLE**

Dear Members,

*(A Message from the CRC Chair)*

In the past I have asked for feedback as well as ideas about what your Chapter does to attract members and what programs and activities your Chapter runs. It's very helpful to share these ideas with the other Officers in these bi-annual Newsletters.

If you go back and read the past newsletters there are some very good ideas and articles of interest. There are updates on what is available through the NAWCC. Take advantage of these services. The Website is loaded with information, seminars, message boards, and all documents associated with Chapters and the NAWCC.

Please share these Newsletters with your members and Officers.

You can reply to me at [LBSadowski@aol.com](mailto:LBSadowski@aol.com) or Pam Lindenberger at [plindenberger@nawcc.org](mailto:plindenberger@nawcc.org). If you do not have email and the newsletter is mailed to you, you can always respond to us by mail at:

Dear Chapter Officers,

The 75th National Convention is coming up quickly. The Chapter Relations Committee, Membership Committee and Convention Committee are inviting you, as a Chapter Representative, to a meeting at the National Convention on Friday morning at 8:30 AM in the UTZ Arena conference room. We hope that you are attending the Convention and request your presence at this important and informative meeting for ALL Chapters.

The purpose of this gathering is to have as many local chapter officers to attend. Also in attendance will be committee members, staff, and members of the Board of Directors, all together in one room with you to hear from and respond to all the issues that the Chapters understand are most important to them. The chairpersons of the three committees will be present and ready to listen and participate in this discussion:

**Renee Coulson**, Chair Convention Committee

**Tim Orr**, Chair Membership Committee

**Lu Sadowski**, Chair Chapter Relations

Rich Newman, Chair of the NAWCC, Inc. Board and Executive Director Tom Wilcox, will also be there participating. We want to listen to and discuss any issue that you believe is important. We would like to have this meeting be valuable and informative for everyone. We look to improve how we can best serve and support the Chapters.

Some areas of discussion may seem obvious, but no topic should be left unaddressed. This meeting is intended for the best interests of our Chapters and we therefore want to cover the issues and concerns that you, the Chapters, see as most important

### Discussion Ideas:

Some of the topics and issues we have heard about and are read to discuss:

- Inviting non-NAWCC members and/or non-chapter members to local chapter meetings
- Best practices to increase chapter members (e.g. #23 Buckeye Chapter's one-to-one recruiting)
- Scheduling Regional meetings together with other events, like an antique show
- Regional meetings' "public day" rules: what works and doesn't work, what have we learned?
- Positives and negatives of having a Board member and/or the Executive Director attend Regional events
- National helping to develop and maintain a website for a chapter
- National helping put on Regional events (e.g. negotiate contracts, advertise)?
- National potentially help Chapters with advertising guidance for meetings using E-mail, snail-mail, Facebook and other social media sites.
- What are the best practices being used?
- Understanding promotional materials and brochures available to explain the different membership options
- PC-based education programs that can be shown at chapter meetings
- The new \$52 membership rate and who is eligible for it.
- The value and importance of non-Mart activities for Regional meetings (Talks, Exhibits, Auctions, etc.)
- What does my chapter need to do to request hosting a National Convention in the future?

We sincerely look forward to seeing you at this meeting, which is a new idea that hasn't been done at a National Convention before. If you can't attend, perhaps you can ask a couple of your members to come to this meeting to represent your chapter. Please let us know if you plan to attend:

## New Rules For Nationals and Regionals

### THE OFFICIAL STATUS OF NON-HOROLOGICAL ITEMS AT NATIONALS AND REGIONALS HAS CHANGED

An important change to the Regional Meeting Guide has been approved by the NAWCC Board of Directors at their December 2017 meeting. The change in the RMG (Regional Manual Guide) allows for the sale of non-Horological items in the mart that are appropriate for NAWCC events. Please be certain to review this information and pass it on to all Event Chairs with special emphasis on the Mart, Security and Registration Chairs to insure that information is passed on to mart table holders. Pre-registration confirmation letters should advise the members of the new policy. The new RMG language is as follows:

Table holders will offer for sell items primarily of Horological interest and ensure that non-Horological items in the mart are appropriate for NAWCC events and of interest to the members, as determined by the respective event Regional Mart Chair or Regional Meeting Chair.

Additionally, certain items, such as barometers and other weather-related gauges, have been permitted at Regional Meetings on the grounds that such devices have often been paired with time-pieces throughout history. Music boxes and automata both have mechanisms similar to clocks and are also permitted. No weaponry is permitted.

If you have any questions or concerns, please contact the Convention Committee Chair Renee Coulson at [reneecoulson@epbfi.com](mailto:reneecoulson@epbfi.com). The RMG can be found on the NAWCC website under Chapter Documents.

## The Truth About Chapters: What Members And Potential Members Might Not Know

Many members and prospective members do not understand that our Chapters exist with no financial assistance from the NAWCC.

Another common misconception is that National creates these individual Chapters and financially supports them. Incorrect; chapters are chartered by members, and are expected to support National.

Many members are misinformed about how the NAWCC is organized regarding its Chapters. A Chapter starts as a group of individuals who would like to have meetings, exchange ideas, give presentations, share their knowledge, and meet new members. This group must create a petition with the signatures of at least 25 active NAWCC members willing to join the Chapter and stay on board to get it off the ground. There must be at least three Officers to run the Chapter. There is a Criteria for starting a new Chapter form that must be completed. Names and addresses are required, a location of the Chapter, and where meetings will be held. A Chapter name is required. All this information is submitted to the Chapter Relations Committee Chair for evaluation. The CRC then studies the demographics and validates the prospective members, whose membership must be current. If the group passes all criteria the Chapter Relations Committee votes. If accepted, the recommendation is submitted the Board of Directors for approval at one of their Board Meetings. Once formally chartered by the BOD, the next sequential chapter number is assigned with the Chapter Name, and a Chapter Charter is sent out for signature then returned to the NAWCC, and a countersigned Charter is sent to the Chapter. The newly-chartered Chapter then opens a banking account with funds from dues (or loans of personal money, to be reimbursed once the chapter is active).

It's important to collect Chapter dues no matter what the fees are, some range from \$5.00 up to \$30.00 depending on the requirements and needs of your Chapter. These dues and registration fees also help pay for mailings of newsletters (postage, paper printing), rental of locations and tables as needed, any food served, speakers fees, and other necessary supplies (printed badges, signs, coffee, cakes, cups, plates, etc). The NAWCC does not fund any Chapter or furnish them with operating funds. In fact, the NAWCC solicits donations from members and volunteers for many things.

To clarify this information please go to Chapter Documents and look up the NAWCC Chapter Handbook:

[https://nawcc.org/images/stories/chapter\\_info/CurrentChapterHandbook.pdf](https://nawcc.org/images/stories/chapter_info/CurrentChapterHandbook.pdf)

Another misconception: when a member pays his NAWCC National dues, that doesn't include everything associated with the NAWCC. Not at all.

I attend at least four or more Regionals a year and almost every National, plus a multitude of Chapter meetings, and I am constantly hearing "I paid my National dues, why must I also pay for Chapter Meetings, Regionals and Nationals, it should be included." These members seem to have little concept regarding how much it takes to run a Regional or a National.

National is the hub of the wheel and the Chapters are the spokes, The Regionals and Nationals are run by the Chapters and are costly to run. Your National dues do not cover Chapter, Regional and National Events.

Keep in mind we are all volunteers and give up our time willingly by reaching out to help. The only people on payroll are the HQ Staff. Even the BOD and Directors are Volunteers and barely get reimbursed for their expenses. Remember it is our membership which is made up of volunteers that keeps this organization afloat.

I would appreciate it if all Officers and members would pass the word on about running the NAWCC and your Chapter, it is important that all members know it's mostly a volunteer effort and their support is needed in great numbers.

## MEET THE NAWCC PUBLICATIONS DEPARTMENT

By Christiane Odyniec, Editor

The Publications Department is a busy place. In addition to publishing the Watch & Clock Bulletin and the Mart & Highlights, we handle print and e-projects for the Museum as well as the other NAWCC Departments. We also publish NAWCC books and special publications, and don't forget watchnews.nawcc.org!

In addition to myself, the Publications Department is composed of the following people: Associate Editor & Chapter Highlights Coordinator Freda Conner, Creative Services Production Leader & WatchNews Editor Keith Lehman, Advertising Services Coordinator and Education Coordinator Gillian Radel, and Production Coordinator Kim Hess (who works part time and most often remotely).

On any given day, you could find Freda editing Chapter Highlights or a press release, while I edit Bulletin articles or manage the review thereof. I could be conversing with potential or current authors or coordinating the production of our latest book. All of this while the page proofs of the next Bulletin sit not so patiently, awaiting our attention.

Keith could be designing ads, logos, posters, or brochures, all the while mapping out the next WatchNews story or Mart issue in his brain. Gillian could be putting any variety of ducks in a row: speaking with Mart advertisers, processing all the needed behind-the-scenes data, or corresponding with NAWCC instructors. Kim might be in our office or hers, laying out the next Bulletin or NAWCC book.

Because our ages span roughly four decades, we have the advantages of fresh perspectives and hard-earned wisdom.

The photo we hoped would be used in the newsletter (we are a bit camera shy). Photo taken by Publications Dept. Intern Lindsey Campbell.

Together we have a broad educational background – from Freda's BA in English/Education and MS in Education, to Keith's BA in Design, to Gillian's BA in Communications/Journalism, to my BA in English/Communications.

Our years of practical experience in our fields make us well rounded and resourceful. We play to our diverse strengths in creating words and images to communicate with our varied audiences. We also play well together, understanding that we are here to support not just the vision and mission of the NAWCC but also each other.

## OUR NAWCC GIFT SHOP AWAITS VISITORS TO COLUMBIA

**“Yours, Mine, and Hours,”** the NAWCC and Museum retail store, features a wide array of timely treasures from fine timepieces and unique gifts, to clothing and educational toys.

The NAWCC Store maintains a broad selection of books on virtually every horological topic including technical books, back issues of the Watch & Clock Bulletin and Supplements that will appeal to the most discerning collector as well as the casual student of horology.

We are an official retailer for the famous **Kit Cat Clock Company** and we carry color varieties and, of course, the classic black Kit Cat.

You may remember that in past MARTs we advertised the UGears geared product kits. These kits are a fun challenge to put together regardless of age. In addition to manufactured clocks, our store staff also custom make clocks from record albums, cassettes, tin signs; pretty much anything we can drill a hole in and attach a quartz movement to we'll make a clock out of.

The store carries a wide variety of custom made T-shirts, golf shirts for men and women, a denim collection, hats, beanies and sweatshirts. If you can't find exactly what you are looking from us, we have partnered with Land's End so you can pick and choose any size, color and style from their extensive catalog. Visit their site here: <https://business.landsend.com/store/nawcc/>

Members can also purchase basic horological tools for your home projects but, if you are looking for more advanced tools, we have also partnered with Sherline Products to offer NAWCC members a 10% discount on mills, lathes, and other accessories.

[www.sherline.com](http://www.sherline.com)

You can order online at [www.nawcc.org](http://www.nawcc.org) and click on NAWCC Store or if during your next visit to The National Watch & Clock Museum. As members you receive a 10% discount on your entire order, either online or in person.

If you are coming to The National Convention in York in July this year make sure you stop by Columbia and see us. We will, of course, also have gift shop tables at the convention for your convenience.

## **CARS, CLOCKS, AND WATCHES**

### **THE NAWCC WARD FRANCILLON TIME SYMPOSIUM**

**SEPTEMBER 20-22, 2018**

HENRY FORD MUSEUM OF AMERICAN INNOVATION

DEARBORN, MICHIGAN

*Symposium Chairman, Bob Frishman*

As a young teenager, Henry Ford repaired his first watch, and he focused much of his boyhood mechanical curiosity and tinkering on clocks and watches. His interest in horology was life-long, and at one time the Henry Ford Museum had more than 7,000 timekeepers in its collections. There were crucial links between 19th-century New England clock and watch manufacturing, and Henry Ford's pioneering advances in automotive mass-production using interchangeable parts, machine tools, and assembly-line methods. Without Eli Terry and the Waltham Watch Company, there could have been no Ford Motor Company.

Over two and a half days, the "Cars, Clocks, and Watches" symposium will explore these themes, as well as offer presentations on other horology/automobile connections such as car clocks and auto-race timing.

## A BIG TIME FOR ALL TIME

It is hard to believe that the *For All Time* Campaign is now in the stretch run. Our board approved the campaign back in the summer of 2013 and we've now been working for 5 years to address our association's financial challenges by raising funds for four endowments and our capital projects. Along the way, and fueled by your generosity, we have also enhanced our Annual Fund program. Without doubt, our efforts to encourage donations to help support the NAWCC's mission is succeeding. At this point, in our 75th year of existence and with the National in York about 2 months away, we have already received \$5.55 million in gifts and pledges! That's 75 percent of our goal, with the clock still ticking. Will we reach our goal by the time we gather in York? That's up to us, the members, but I think we will. Many things seem impossible until they are done.

Our chapters, and several individual chapter members, have played an important role in our fundraising. The **Watch & Clock Bulletin** you just received, the one for May/June 2018, shows 23 chapters, plus the several chapters sponsoring the Florida Regional, have made gifts or pledges to the Campaign. And several donor chapters have issued challenges to fellow chapters to make gifts or pledges. One has only to look through the list of donors to see the names of many who are chapter leaders and long-time supporters of the association. Those on the Campaign team are gratified by chapter support and we thank you for all you are doing.

Nelson Mandela once suggested that we should "remember to celebrate the milestones as you prepare for the road ahead." Our upcoming National in York, PA, is a golden (or diamond jubilee, if you prefer) opportunity to celebrate our progress in our first 75 years of existence and consider what more we need to be doing to remain vital and relevant in the next 75 years. An important part of the National will be a big celebration honoring all those who have donated to our *For All Time* Campaign. The details can be found at the NAWCC's For All Time website ([75thanniversary.nawcc.org](http://75thanniversary.nawcc.org)) and in Tom Wilcox's article on page 288 of the latest Bulletin. Our own Lu Sadowski and Marion Krajewski, together with their convention team, along with Tom and our talented staff in Columbia, have worked long and hard to put together an almost week-long program celebrating our 75th anniversary. Part of that celebration will be a reception at the national headquarters on the evening of July 18. On that evening we will recognize all the donors to the *For All Time* Campaign as a special thank you for your support. Importantly, at that reception we will announce the results of the *For All Time* Campaign. With thanks to those donors who are sponsoring this reception, there will be drinks, hors d'oeuvres, special exhibits, open museum times, presentations, and plenty of time to visit with friends. As a special incentive to those who have not yet made a gift or pledge to the Campaign, if you now do so for \$100 or more, you are invited to join us and will be recognized in the Bulletin and with a special pin and certificate.

I was speaking the other day with George Orr. George mentioned that he and Joanne had been talking with several members of their local chapter who had never visited our museum and library. They were encouraging those members to use this special occasion, our Diamond Jubilee year, to make the trip to Columbia and participate in all the wonderful activities our organizers have in store. I think theirs is a wonderful idea, and I hope everyone who can possibly do so will be there and enjoy what your membership dues and your donations have created. It's a special time that will live on *For All Time*.

—George Goolsby  
Chair of the *For All Time* Campaign

## CHAPTER NEWSLETTERS, WEBSITES, MEETING NOTICES, FLYERS AND MEANS OF COMMUNICATION

Wow, I am impressed with many of the publications I receive in the mail, email or in email blasts. Many Chapters have very attractive, well executed and wonderful Newsletters. It is hard to decide which ones are best but it all depends on the audiences and what their Chapters are representing and involved in. Yet some are just a notice where to meet, date and time or a flyer sent in the mail or on the net. If this is what the Chapter needs to get the message across that is fine. Where some Chapters do not have the staff or talented people to do fancy newsletters in color with photos and illustrations their method will work. Many of these Newsletters are not only informative they will give you ideas where to meet, what attracts new members and keeps them, presentations and workshops that work. You will gain lots of knowledge from the articles that are written and illustrated.

If you are looking to upgrade your way of communicating with your members or branching out it would be to your advantage to check out each one of the web sites at your convenience will get some great ideas and it may inspire you to upgrade the way you communicate.

Listed below is the current list. If your Chapter is not listed and you would like to be included, please send us your files and we will add you to the list.

Please contact me with any questions.

With a roster of important speakers, the historic conference will address these themes as well as car clocks, timing of auto races, and the important collections of clocks, watches, and related tooling at this world-famous American history museum.

NAWCC and Ford Museum membership are not required. Space is limited, so registration well before the August deadline is recommended. Please visit the symposium website for more information.
