Section 4. Electronic Publication

Where practical both current and past issues of all publications referenced in Sections 1, 2, and 3 of this Article XVII shall also be made available in electronic format either for Internet posting or as recorded electronic media under procedures established by the Executive Director.

ARTICLE XVIII RESOURCE DEVELOPMENT

Section 1. Board Responsibilities

(a) Board Involvement

The Board recognizes its fiduciary responsibility for the financial well-being of the NAWCC. As individual members and in its corporate role, the Board shall promote development of increased revenue streams through individual contributions as appropriate, assisting in solicitation of other donors, working to increase membership, and supporting fundraising initiatives defined in the Development Plan.

Section 2. Staff and Committee Responsibilities

(a) Development Plan

As part of the annual planning and budget cycle, the Executive Director will prepare a Development Plan with input from the Development Committee, for review and approval by the Board. Such plan will include plans for obtaining contributions, grants and other non-earned sources for current and long-term financial support of NAWCC activities. Potential sources may include an annual appeal, corporate sponsorships, endowments, grants, planned giving, and other sources of funds.

NAWCC STANDING RULES

(b) Staff Support

Under the leadership of the Executive Director, designated staff as appropriate will work in conjunction with the Development Committee and the Board to implement the Development Plan, and to identify and pursue new funding initiatives and potential sources of donations, grants, and earned income.

As part of the annual planning and budget cycle, the Executive Director will prepare an Educational Plan for review and approval by the Board. The plan shall include, but not be limited to, a curriculum of online and traditional learning such as exhibits, lectures, workshops and research.
